March 2026 Newsletter

From the Superintendent

A Great Start in Our New Building

We are excited to share that things are going extremely well in our new elementary facility at Harris-Lake Park Community School District. Over the past several days, students and staff have been settling into the new space, and the transition has been very positive.

Our students have done a wonderful job adjusting to their new classrooms, learning new routines, and exploring the building. There has been a lot of excitement as they experience the new learning spaces, collaborative areas, and features designed to support their success. Just as importantly, our teachers and staff have worked hard to ensure the move went smoothly and that instruction continued without interruption.

We are already seeing the benefits of the new facility. Classrooms are filled with energy, students are engaged in learning, and staff are making great use of the updated spaces to enhance instruction and collaboration.

I want to thank our staff for their preparation and flexibility throughout this transition, and our students for their positive attitudes. We are also incredibly grateful to our community for your continued support. This building represents an investment in our students and in the future of our district, and it's exciting to see it already making a difference.

We look forward to continuing to share updates and welcoming our community into the building in the near future.
